«Kenneth wakes at four am with Dorothy one of his ten willing slaves with wrist tied together to the head board, blindfolded and his cock buried in her tight little ass hole. Carol, Michelle, Amy, and Martha are still sleeping in their rooms with their wrist tied together to the head board, blindfolded, with a vibrator in each of their asses having been tucked in by Dad at bed time. Carolyn and Alice are the only two of his loving slaves that have not been used by Mister and slept with him tied to the bed, blindfolded with his cock lodged in their assholes.

He is thinking about what he will do today to surprise for his beauties. The thought of deep fucking them made his cock come to life in Margaret's asshole. She felt it swell and pulse in her ass and woke up with a smile. She pushed onto his big cock driving it deeper inside her tight little ass. When she pushed into him he threw the covers back, rolled her onto her stomach with his dick in her asshole. He moved with her. She prepeared her beauty legs and he had his knees between her pretty legs pulling her up to her knees. Her head is down, pussy up, wrist tied to the headboard, and blindfolded as he burried her asshole doggy style driving his hard cock into her with hard internal strokes.

She grunted each time his cock rammed deep inside her. When her grunts turned to moans of pleasure he knew she is about to climax and reached around to her pussy and pinched it between his finger and thumb. She moaned as her clit erupted with a hard-squirting climax. Dad fucked her ass until her orgasm released control of her body and she relaxed. She collapsed when he pulled his cock from her ass. His orgasm kick as he pulled from her and he shot his full load of cum covering her asshole cheeks and lower back.

He wiped semen from her ass hole cheeks collecting a generous amount and put his jizz covered fingers in her mouth letting her lick his cum from his fingers. He untied her and removed the blindfold. She blinked and smiled at him. "Thank you Daddy for a wonderful wake up." He smiled and kissed her cheek telling her she needs a shower and change of sheets. He went to his suite as she headed to the shower.

He quietly entered his room where Cynthia is restfully sleeping with her hands tied, blindfolded, with the butt plug still in her asshole. He slowly pulled the covers from her beauty body and she moaned in her sleep and turned onto her stomach spreading her legs. He gently moved on the bed between her legs as his cock got strong again. She moaned and wiggled her asshole in her sleep as he rubbed his dick on her pussy hole lining it up with her wet pussy hole. He slowly gripped her hips and pulled her up onto his cock as he drove his dick deep in her cunt. Her body tensed, her cunt clamped on his cock and she screamed as the surprise intrusion in her cunt slammed her awake. When she realized what just happened she giggle relaxing her clamp on his dick. "Good afternoon, Lord." she said as he slammed in and out of her cunt now leaking pussy water lubricating her love tunnel for him.

He gripped her hips pulling her onto his cock as he slammed into her cunt. She grunted with each hard move into her body until the climax started driving rapidly to her excited pussy. When her grunts were joined by moans of pleasure he reached under her body and pinched one of her nipples forcing her to scream with pain and triggered the climax making it blast her vagina with tremendous pleasure and she gushed semen over his hard driving cock creating a big wet mark of semen on the bed sheet. He drove in her until the orgasm started to subside and pulled out. She moaned and relaxed on the bed as he untied her, removed the blindfold and butt plug. She told him she had dreamed of just that wake-up call and thanked him for all his love.
